www.berkscountytennisclub.com

Camps are taught by BCTC Tennis Director, Jen Aubin: A USPTA professional with over 25 years experience. A collegiate Hall of Famer with a career high #5 national ranking, All- American status and numerous other playing accolades, her coaching career is equally stellar. Jen has taught sectional and nationally ranked players along with multiple district and state high school champs. The Wyomissing girls 2016 state champions are products of the BCTC program. Whether aspiring for rankings or recreational fun, Jen develops strong fundamentals, teaching level appropriate techniques. This is all combined in a fun, structured format along with character building skills that playing the life time sport of tennis provides.
